

Online Application for Alternative Fire Hydrant Permit

Last Updated Thursday, 31 July 2008

For further information about the Fire Hydrant Meter Program please contact us by phone at 768-3647, by email at hydrantreadings@abcwua.org, or by mail at the address at the bottom of this page.

Applicants desiring to use an alternative (non-green-top) hydrant must submit this completed form with the permit application stating the reason(s) for needing to use the alternative hydrant. Water Utility staff will review such requests on a case by case basis, and a decision shall be issued within three (3) business days of receiving the request. Any permit issued for an alternative hydrant will be limited to that hydrant requested only. Under no circumstances shall a permit be issued for more than one alternative hydrant.
