

SAN JUAN-CHAMA DRINKING WATER PROJECT
CORONADO PIPELINE CONSTRUCTION UPDATE
McKINNEY TO HAVE SOUTHBOUND TRAFFIC ONLY
FROM ACADEMY TO CATHY
Securing Our Future Water Supply

NOTE: All work is scheduled weather permitting and is subject to change without notice.

Beginning on **Saturday, Feb. 17th** and lasting through **mid to late March**, **northbound McKinney Drive will be TOTALLY CLOSED** from Academy Rd. to Cathy Ave. **ONE LANE OF SOUTHBOUND TRAFFIC ONLY WILL BE ALLOWED ON MCKINNEY THROUGH THE CONSTRUCTION AREA.**

This closure is needed for installation of a tunnel under the Borealis Arroyo to accommodate the large diameter pipeline that is part of the Coronado pipeline.

ACCESS WILL BE MAINTAINED TO ALL LOCAL RESIDENCES. NORTHBOUND MOTORISTS CAN USE ACADEMY ROAD TO SAN MATEO BLVD. TO THE NORTHBOUND I-25 FRONTAGE ROAD AND HARPER DRIVE AS AN ALTERNATE ROUTE.

Work hours will generally be 6:30 a.m.- 5:00 p.m. Monday - Saturday, although crews may also work on Sunday as needed.

Please Keep In Touch!

If you would like more information about this project or would like to be added to our drinking water project information list, call **242-ROAD (242-7623), 293-2000**, e-mail pattiw@cooneywatson.com or visit www.sjcdinkingwater.org. Or, contact Brian Pollock, RMCI, at **681-0049**.

About the San Juan-Chama Drinking Water Project

The Albuquerque Bernalillo County Water Utility Authority's San Juan-Chama Drinking Water will supply up to 70% of the metropolitan area's future water. San Juan-Chama water diverted from the river will be transported to a state-of-the-art treatment plant, from which purified water will be delivered to Albuquerque area homes and businesses. The overall project is scheduled to be completed in 2008.
