Throw garbage in
the trash, not the
toilet.

*The Water Utility Authority offers
Free Water Conservation presentations:*

¡Se habla Español!

Water Conservation Games Presented for your Students

Presentations (solo en Español):

- **Conservacion Detective** for grades K, 1, or 2 – Students look for clues in two pictures to identify the person who is saving water to earn points.
- **Wateropoly** for grades 3, 4, or 5 – Students play a classroom game earning or losing gallons of water as they travel around the board.

Both presentations are:

- taught in Spanish
- fun and educational
- about 45 minutes long
- free of charge
- correlated to standards and benchmarks

We provide age-appropriate materials:

- *Albuquerque Water Cycle* poster
- *Cuentos de Coyote* for grades K-3 (Spanish)
- *Save 2 It's Up 2 You* activity book, grades 1-3 (English)
- *Discover the Waters of New Mexico*, grades 4-5 (English)
- *The Water Squad* DVD or VHS for grades 4-5 (English)
- And more!

We want to reach your entire grade level or school!
