

Jack at the Drinking Water Plant

(like "Joe at the Button Factory")

Yo! My name is Jack.
And I work . . . at the Drinking Water Plant;
I clean and pump river water to your family.
One day . . . my boss comes up to me and says,
"Yo, Jack are you busy?"
I said, "No!" She said,
"Pump river water with right arm."

Yo! My name is Jack.
And I work . . . at the Drinking Water Plant;
I clean and pump river water to your family.
One day . . . my boss comes up to me and says,
"Yo, Jack are you busy?"
I said, "No!" She said,
"Mix clumping stuff with your left arm."

Yo! My name is Jack.
And I work . . . at the Drinking Water Plant;
I clean and pump river water to your family.
One day . . . my boss comes up to me and says,
"Yo, Jack are you busy?"
I said, "No!" She said,
"Kill all the germs with your right foot."

Yo! My name is Jack.
And I work . . . at the Drinking Water Plant;
I clean and pump river water to your family.
One day . . . my boss comes up to me and says,
"Yo, Jack are you busy?"
I said, "No!" She said,
"Filter out dead germs with your left foot."

Yo! My name is Jack.
And I work . . . at the Drinking Water Plant;
I clean and pump clean water to your family.
One day . . . my boss comes up to me and says,
"Yo, Jack are you busy?"
I said, "No!" She said,
"Add chlorine for the pipes and fluoride for your teeth with your head."
