- (e) **Minor Technical Irregularities:** The Central Purchasing Office may waive technical irregularities in bids or proposals that do not alter the price, quality or quantity of the items of Tangible Personal Property, Services or Construction. Technical irregularities are matters of form, rather than substance, which are evident from the bid or proposal document, or insignificant mistakes that can be waived or corrected without prejudice to other Bidders or Offerors; i.e. when there is no effect on the price, quantity, quality, delivery or material Contract conditions. The Chief Procurement Officer or designee may waive such irregularities, or allow the low Bidder(s) or Offeror(s) to correct them, if either action is in the best interest of the Water Authority. Examples include, but are not limited to, the failure of a low Bidder(s) or Offeror(s) to: (i) Return the number of signed bids or proposals required by the solicitation; (ii) Sign the bid or proposal, but only if the unsigned bid or proposal is accompanied by other material indicating the low Bidder's or Offeror's intent to be bound; (iii) or acknowledge receipt of an addendum to the RFB or RFP, but only if it is clear from the bid or proposal that the low Bidder(s) or Offeror(s) received the addendum and intended to be bound by its terms or the addendum involved had no effect on price, quality or quantity.

The unreasonable failure of a Bidder or Offeror to promptly supply information in connection with an inquiry with respect to Responsibility is grounds for a Determination that the Bidder or Offeror is not a Responsible Bidder or Offeror.
- (h) Prequalification: A business may be prequalified by the Central Purchasing Office as a Bidder or Offeror for particular types of Tangible Personal Property, Services or Construction.
