Water Efficiency Washing Machine Rebate Requirements			
<i>Please complete and return this form with proof of purchase or service to ABCWUA - Water Conservation Program, P.O. Box 568, Albuquerque, NM 87103 or E-mail to <a href="mailto:rebates@abcwua.org">rebates@abcwua.org</a>.</i>			
As of October 1, 2018, the Washing Machine Rebate Program eligibility requirements was revised to only accept washing machines listed with an Integrated Water Factor (IWF) of 3.0 or lower. The IWF is the metric for water efficiency and is expressed in terms of gallons of water consumed per cubic foot of washer capacity. Lower IWF indicates better water efficiency. The accepted and approved washing machine models are available on the following link: <a href="http://www.abcwua.org/Washing_Machines.aspx">http://www.abcwua.org/Washing_Machines.aspx</a>			
<b>Requirements:</b>			
<ol style="list-style-type: none"> <li>1. Applicants are required to be a Water Authority customer and install the washing machine(s) at the service address.</li> <li>2. The washing machine(s) remain in the possession of the original purchaser or at the original installation address for at least one year from the date of purchase.</li> <li>3. The washing machine(s) can be purchased new anywhere.</li> <li>4. Rebates are offered on highly qualified water efficient washing machines with an IWF of 3.0 or lower and are posted on our website.</li> <li>5. Customers are required to submit proof of purchase with the rebate form. If documentation proving purchase is not received or the rebate form is incomplete, it delays processing and all documentation is returned to the customer.</li> <li>6. The customer is solely responsible for the purchase, installation arrangements, and payments.</li> <li>7. If selected, the customer agrees to allow qualified Water Authority personnel access to the premises to verify installation.</li> <li>8. Rebate credits remain at the address where the water conservation work took place. The customer may not transfer the rebate credit from the location of the savings to another Water Authority account, even if both properties are owned by the same person.</li> <li>9. The rebate form is returned to the Water Authority within ninety (90) days of the purchase date to be honored.</li> <li>10. The rebate credits the Water Authority account at the installation address. The rebate is credited within one to two billing cycles after the form is processed.</li> <li>11. Customers may apply for the \$100 water efficiency washing machine rebate every five years or when the property is sold.</li> </ol>			
<i>By signing this form, the customer has read and accepts the requirements and conditions of the Water Authority's Rebate Program. I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct, and that I am the person named above, and I understand that any falsification of this form may result in the refund of the rebate.</i>
